**OFFICE OF PETITIONS**

Sir:

**INFORMATION DISCLOSURE STATEMENT**

As suggested by 37 C.F.R. 1.97, the undersigned attorney brings to the attention of the Patent and Trademark Office documents listed on the attached form PTO-1449. Copies of all listed document are attached, with the exception of U.S. Patent Publications, copies of which are not required and thus not attached.

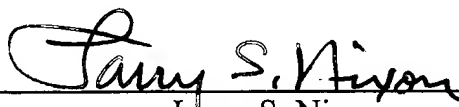

Certain documents identified on the attached form PTO-1449 are undated, because no determination has yet been made as to whether they even qualify as publications or otherwise as prior art and, if so, as of what date. Certain documents listed on the form PTO-1449 may turn out to be strictly internal non-published corporate documents of the assignee of application Serial No. 09/863,759. Nevertheless, given the lack of time available to fully investigate the prior art status of all listed documents before filing the accompanying Petition to Withdraw, all potentially relevant materials now known to the undersigned have been included. A more detailed investigation will be conducted to determine the actual status of the listed documents as prior art and the results of that further investigation will be timely submitted in the form of a Supplemental Information Disclosure Statement.

The present IDS is not to be construed as a representation that a search has been made or that no better prior art exists, or that a reference is relevant merely because cited.

The Examiner is requested to initial the attached form and to return a copy of the initialed document to the undersigned as an indication that the attached documents have been considered and made of record.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
